

2017 HMA Annual Meeting and Conference Attendee Comments

I've found this year's conference overall the best I've ever attended--and over many years, I've attended quite a few. The quality of the keynote speakers and the session leaders for the most part was just exceptional and very helpful, even in my now pastoral role.

Outstanding conference! One of the best yet!

Kudos to you for putting on such a fabulous HMA event! I loved being there and interacting with nurses and other healthcare workers, chaplains, etc. I learned so much about myself these past three days and am more committed than ever to partner with The Father in bringing His solutions to those who struggle in recovery. I would absolutely love to ask Rabbi Ingber to speak as he did today! There are just no words to say how moved I was by his testimony. Thank you so much for the opportunity to attend this event on a scholarship...it meant the world to me!

Dear Joe:

My apologies for not connecting with you in person at the HMA conference last week. I volunteer at LLC with Marlene Feagan. I wanted to let you know how appreciative I am of the scholarship awarded through St Elizabeth. The conference exposed me to ideas and programs in other communities throughout the country which provide valuable insights in our efforts to expand the Faith Community nursing role in NKY.

I overheard many positive thoughts on the facility; it seemed to work perfectly for a meeting of this size. Kudos to Marlene; she and her team did a fantastic job orchestrating the entire event. Thank you again for the opportunity!
Mandy (Amanda) Locher

Where will the conference will be next year? I'll definitely be there, it was fabulous.

Thanks for hosting a deeply moving and meaningful conference. Look forward to knowing about the 2018 conference location when it is set.

I was very impressed by the professionalism of all the speakers. Great conference. Kudos to all who had a part in the planning.

I don't think I had heard of any of the speakers prior to attending. I didn't know what to expect. I've been a nurse for over 40 years. This was the BEST conference I have ever attended, and I have been to international professional conferences.

As a new FCN in a paid position at my church, I was so thankful for the opportunity to better understand how FCN translates into practice in such varied and meaningful ways. I was also thankful for the exposure to local speakers as potential resources for my ministry. The keynote speakers were phenomenal. Fantastic choices.

Best HMA conference ever.

Content was very current with what is going on in our society and looked at pertinent issues we all need to be more aware of in our practice.

Loved the new poster format.

What a great conference space! The food was exceptional along with the serving staff. Wow!

The SETEC was a GREAT place to have the HMA conference. I hope that it will be here again in 2018.

The entire conference ran smoothly and the space was accommodating for all activities – sessions, exhibits, mingling in social time.

The poster presentation format was great – heard in detail about each poster/project in the plenary format, with opportunity to talk with presenters afterward. Much better than crowding around presenters and their posters, trying to hear and get our questions in.
