Linda holds a graduate degree in Medical-Surgical Nursing with a minor in Nursing Education. She has over 54 years' experience in Nursing. In her career, she has worked in all areas of Nursing, including infusion therapy, and in 2011 she completed her Faith Community Nurse Basic preparation. She has worked as Faith Community Nurse at her church in Chevy Chase, MD 2011-2018. In addition, Linda is pursuing certification for Chaplain. She is attending Clinical Pastoral Education at Shady Grove Medical Center in Gaithersburg, MD. With her far-reaching nursing background, and her Faith Community Nurse training, she feels the Chaplain role is a perfect expansion of her career in health care.

In 2010, Linda started working with Montgomery College in Silver Spring, MD. She has been classroom and clinical instructor for the Clinical Nursing Assistant and Nurse Refresher Programs. She has worked with a Foundation and has been instrumental in developing and implementing a Clinical Nursing Assistant Program with a local High School and Retirement Center teaching High School students the Clinical Nursing Assistant Program. It is a delight to teach this younger generation, and with this program they can start working in the health care field before graduation.

Linda has presented locally and nationally in her career in Visiting Ministry and Infusion Therapy. She is working more with the elderly population and their care management. Her Vision statement is "To be an advocate for health and wellness

for individuals and communities integrating the spiritual, physical, psychological and social aspects to provide higher way of living.”

A native of the Washington, DC area she learned about Velati’s caramel candies at an early age. Today she has the delight and pleasure of working two afternoons a week at the Velati’s candy store in Silver Spring, MD. What fun and a joy helping someone pick out candy for themselves or a loved one.

Linda lives in Bethesda, MD with her daughter, who is a police person in Montgomery County, MD. In addition, she has one grandson who lives in the area. His specialty is working with computers for the “Geek squad” and making the Velati’s caramels.
